Sydney Institute of ERP (SiERP), an SAP Education Partner, offers Solution Consultant Certification in SAP Netweaver 2004 - Application Development Focus ABAP. This course provides the necessary SAP skills and knowledge in ABAP giving you a powerful competitive advantage in the SAP ecosystem.

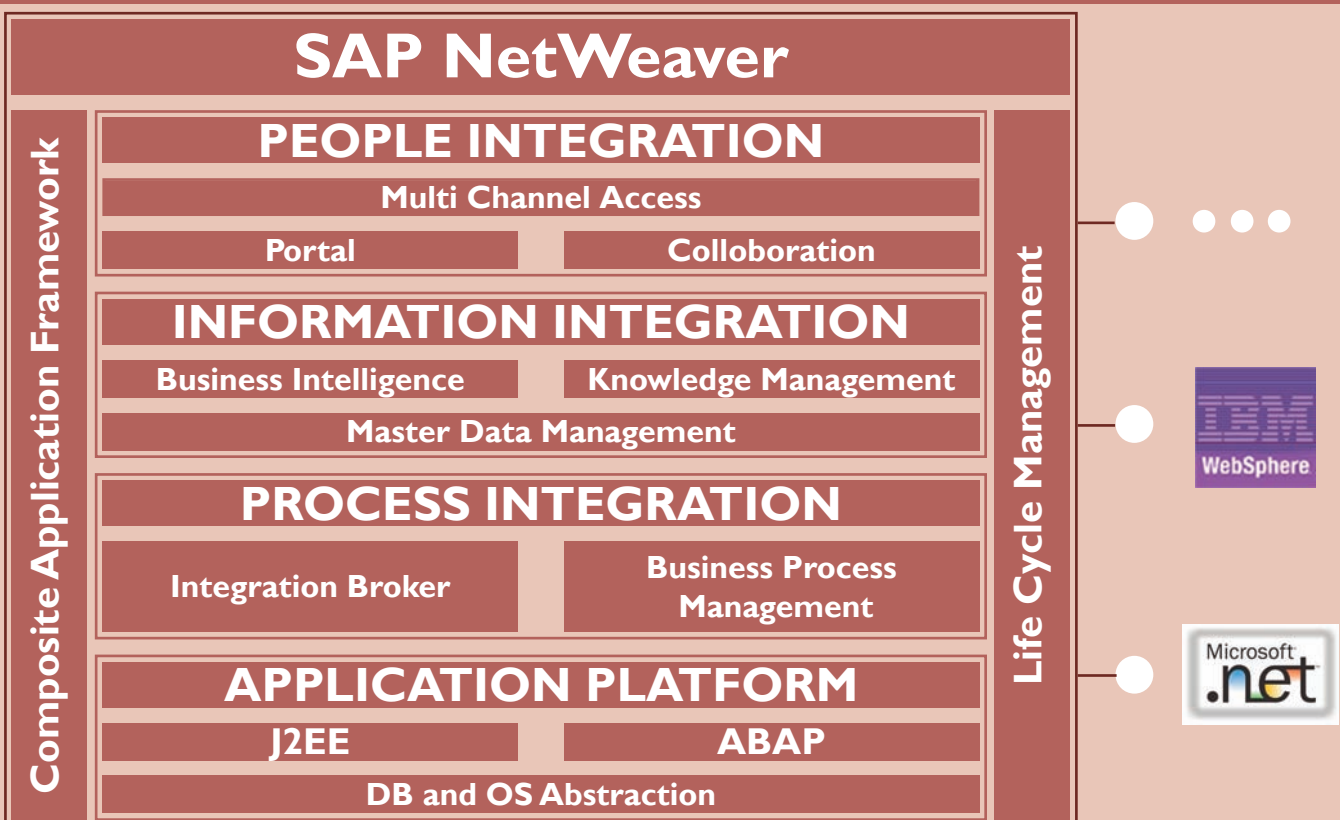

SAP Netweaver – Application Development Focus ABAP

ABAP is the programming language used to develop all SAP ERP applications. Today, with more than 43,000 customers worldwide, SAP is one of the most widely used ERP applications. Thus, the demand for SAP Certified Netweaver Consultants is constantly growing.

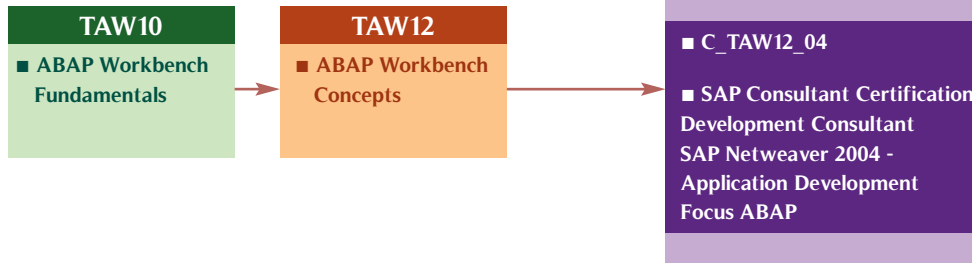

Why SAP NetWeaver ABAP Development Certification?

Through the successful completion of the Development Consultant certification, you will become a valued asset to your employer by learning how to:

- Use the ABAP/ABAP Objects programming language and the ABAP Workbench tools to develop your own business applications or to customize SAP standard software
- Apply advanced programming concepts and ABAP workbench tools to design, develop and implement effective programming solutions
- Apply enhancements and modifications to the SAP standard software, personalization, enhancement techniques (Dictionary appends, customer exits, business transaction events, Business Add Ins), modifications incl. modification assistant and adjustment, and SAP Note Assistant
