

## SAP is a world leader in business solutions Become SAP Certified and Accelerate your career Join SAP Courses @ SiERP

Sydney Institute of ERP (SiERP), an SAP Education Partner, offers Solution Consultant Certification in SAP Financials – Management Accounting. This course provides the necessary SAP skills and knowledge in Management Accounting giving you a powerful competitive advantage in the SAP ecosystem.

### Management Accounting

In today's highly competitive market, individuals who possess essential business and technical skills benefit from significant advantages over their peers. This is particularly true if your expertise includes SAP knowledge and experience. Demand for FI & CO consultants is expected to grow as more than 30,000 best run businesses in over 120 countries run SAP financial applications.

Across industries, organisations are looking to streamline their financial processes through SAP ERP software. Needless to say, most of the successful companies across the globe have their financial systems implemented and supported by SAP certified FI & CO Consultants.

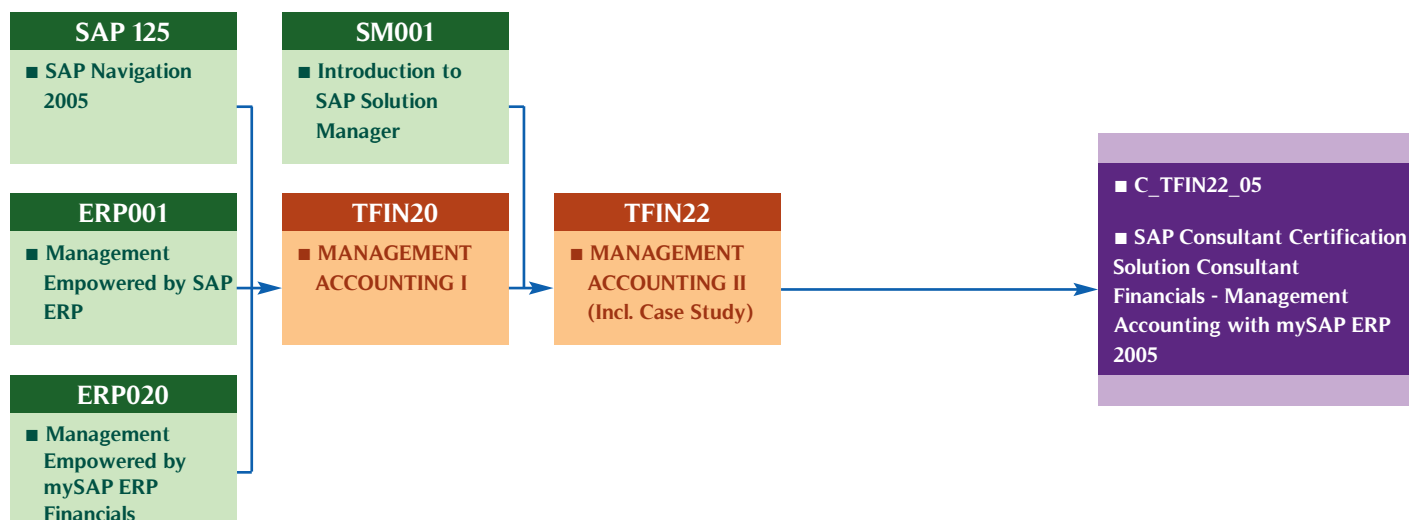

### Why SAP Financials – Management Accounting Certification?

Through successful completion of the ERP Financials certification, you will become a valued asset to your employer, by learning how to;

- Leverage best practice cost accounting methodologies for deeper insight into variances, capacity, and absorption costing
- Analyse the profitability of the smallest unit of responsibility and hold employees accountable
- Automatically assign simple and complex costs to cost collection areas in a structured and traceable manner
- Generate greater insights from multidimensional analysis of market segments by product, customer, order, or strategic business unit
- Leverage full integration with logistics and operational systems to assign accurate operational costs.
- Understand and calculate the components of COGM and COGS at each step of the production process
